Suite 200

Santa Ana, CA 92707

**Tel 714.429.2000**

**Fax 714.429.2050**

## Education

---

- M.A., major in Anthropology, Brigham Young University, 1996
- B.A., major in Language and Literature, University of Utah, 1994

## Training and Certifications

---

- CEQA Training
- NEPA Training
- Section 106/NHPA Training
- Registered Professional Archaeologist (RPA)
- Federal Antiquities Permit in California, Oregon, Washington, Utah, and Nevada

## Areas of Expertise

---

Mr. Helton has a strong background in environmental impact studies, with specific experience in cultural resources requirements in California, Nevada, and Utah. Mr. Helton has directed technical studies, negotiated with lead agencies, responsible agencies and clients, and has written, edited and produced a substantial number of environmental review and technical documents.

His knowledge of regulatory compliance enables him to manage National Environmental Policy Act (NEPA), National Historic Preservation Act (NHPA) as well as California Environmental Quality Act (CEQA) compliance activities and document preparation. Mr. Helton has more than 9 years of environmental management experience in the western U.S., including his past three years of experience in California. He has authored numerous environmental technical reports, cultural resources studies, Programmatic Agreements, Memorandum's of Understanding, and contributed to many CEQA and NEPA documents for a variety of private and public sector clients.

Over the course of his career, Mr. Helton has honed valuable leadership and managerial skills, having successfully managed numerous on-call contracts, complex projects, and large numbers of staff. Mr. Helton has led many multi-disciplinary teams in support of many complex undertakings such as development of gas and petroleum pipelines, fiber optic cables, highways, utility lines, and land development projects. Mr. Helton possesses particularly strong capabilities in third-party environmental compliance/mitigation monitoring work, having managed several major projects for public utility proponents in Nevada and California, as well as private oil, gas, and technology companies. Mr. Helton is a particularly skilled strategist, and is skillful at running large contracts, delivering quality products on time and within budgets. In the course of his investigations, he has worked with many State and Federal agencies, as well as various Native American Tribal officials.

Mr. Helton is an active member of the Association of Environmental Professionals, Register of Professional Archaeologists, Society for American Archaeology, and American Anthropological Association.

## **Professional Experience**

---

### **Project Scientist – CH2M HILL; Santa Ana, California (2005)**

Scientist in the Environmental Services group in the Santa Ana office. Responsible for cultural resources services throughout Southwest Region. Also lead teams and contribute to preparation of Environmental Impact Statements and Reports, and other permitting assistance and document preparation. Report to Regional Business Group Manager.

### **Managing Principal – SWCA Environmental Consultants; Orange County, California (2001-2004)**

Promoted from Program Director to Managing Principal of California operations. Responsible for operation of 60-person regional profit center, consisting of three offices in Sacramento, Orange County, and San Diego with. Reported to Regional Vice President Thomas Motsinger.

### **Cultural Resources Program Director—SWCA Environmental Consultants, Salt Lake City, Utah (2000-2001)**

Promoted from Project Manager to Program Director while working with SWCA in the Salt Lake City office. Co-Managed Salt Lake City office, including all day-to-day activities of 35-person cultural resources division. Duties included project management, staff work load leveling, performing QA/QC review, hiring/mentoring staff, and business development. Managed all aspects of cultural resource management activities throughout Utah, Nevada, Idaho, and western Colorado, including marketing, proposal preparation, agency liaison, project management, oversight of personnel and physical resources, local and federal permits, as well as NHPA and NEPA document preparation. Reported to Regional Vice President.

### **Project Manager—SWCA Environmental Consultants; Salt Lake City, Utah (1998–2000)**

Worked as project manager and analyst in the Salt Lake City office, responsible for preparation of environmental documents complying with NEPA and NHPA (Section 106) requirements. Prepared technical and cost proposals and research designs; conducted various aspects of surveys, testing projects, and excavation projects; and prepared reports involving historic and prehistoric resources in Utah and Nevada. Reported to Program Director.

### **Staff Archaeologist, Baseline Data; Orem, Utah (1996–1998)**

Responsibilities include preparation of technical reports, conducting and supervision of various aspects of surveys, testing projects, and excavation projects; and preparing reports involving historic and prehistoric resources in Utah and Nevada.

### **Instructor, Brigham Young University, Provo, Utah (1995–1996)**

Anthropology 312 "Intercultural Communication; Mexico and Central America Emphasis." Designed curriculum for and taught undergraduate course on culture, history, language, and traditions of Mexicans, Central Americans, and Hispanic-Americans. Course focused on the

need for greater cultural awareness and improved communication between Hispanics and Anglo cultures and improving communication in general between diverse cultural groups.

**Instructor, University of Utah; Salt Lake City, Utah (1994–1998)**

Art 205, "Wheel-thrown Pottery" Taught course on wheel-thrown ceramics to classes of approximately 30 students.

**Teacher, Salt Lake City School District; Salt Lake City, Utah (1991–1994)**

Taught Spanish language classes to grades K-6 students. Designed curriculum. Taught English language classes to primarily Hispanic students of grades K-12. Taught students in other subject areas such as science and history when needed.

**Select Project Experience**

---

**Deputy Project Manager, AES Pacific Inc., Highgrove Power Plant Project; California (2005):** Co-managing preparation of Application For Certification from California Energy Commission for proposed power generation facility. Responsible for preparation of cultural resources component of project, as well as an interdisciplinary team of environmental specialists including archaeologists, biologists, and paleontologists. *Client: AES Pacific Inc. Client Contact: Confidential.*

**Project Manager, Sacramento Municipal Utility District (SMUD) Cosumnes Power Plant and Gas Pipeline Project, Environmental Compliance; Sacramento, California (2003-2004):** Managed interdisciplinary team of over 20 environmental specialists including archaeologists, biologists, and paleontologists during construction of 26-mile gas pipeline and associated power generation plant. Contract value was over \$2.0 million. *Client: Sacramento Municipal Utility District. Client Contact: Sacramento Municipal Utilities District; Kevin Hudson, 916.732.7101.*

**Project Manager, 700-mile Kern River Pipeline Expansion Project; Utah, Nevada, and California (2002-2003):** Managed major cultural resources services contract with Williams Energy, in support of the 700-mile Kern River Pipeline Expansion Project, traversing Utah, Nevada, Wyoming, and California. Individually sought by Williams Energy to provide regulatory guidance, regional technical expertise in cultural resources and project management support, as well as to provide leadership as the project's agency and subcontractor liaison, given the projects size, complexity, multi-state and multi-jurisdictional challenges and aggressive schedule. Assisted from project initiation with facilitation of project Programmatic Agreement and led coordination meetings with stakeholder agencies and permitting authorities in California, Utah, Nevada, and Wyoming. Coordinated the activities of three sub-consultants as well as the support of SWCA's regional offices and technical contributors. Played major role in the development of treatment plans to mitigate impacts to a large number of National Register eligible cultural sites. Contract value was over \$3.0 million. *Client: Ecology and Environment (Prime) and Williams Energy/Kern River Gas Transmission Company. Client Contact: Williams Energy; Jim Bloemker, 713.215.2656.*

**Project Principal/QC Manager, Talega Residential Housing Development, Archaeological and Paleontological Compliance, Data Recovery, and Compliance Monitoring, San Clemente,**

**California (2001-2004):** Acted as Project Principal for multi-disciplinary team providing environmental compliance services for this 3,700-acre home development in San Clemente. Assisted with frequent agency consultation with Army Corps of Engineers. Worked with Project Manager and supporting scientists to ensure adequate staffing and production of high-quality reports. Contract value was over \$1.5 million. *Client: Talega Associates. Client Contact: Talega Associates; Glen Land, 949.498.1366.*

**Project Principal/QC Manager, Dayton Canyon Estates Development; San Clemente, California (2001-2004):** Acted as Project Principal for multi-disciplinary team providing environmental compliance services for this 3,700-acre home development in San Clemente. Assisted with frequent agency consultation with Army Corps of Engineers. Worked with Project Manager and supporting scientists to ensure adequate staffing and production of high-quality reports. Contract value was over \$2.0 million. *Client: Sun Cal Companies. Client Contact: Sun Cal Companies; Ed Pickett, 818.348.3033.*

**Project Principal /QC Manager, Western Area Power Administration, Transmission Line Project; Imperial County, California (2003-2004):** Provided overall management of cultural resources services for the Parker-Blythe #1 161-kV transmission line project. The inventory extended from Blythe, California to Parker, Arizona. A total of 147 sites (136 in California and 11 in Arizona) were recorded. *Client: Western Area Power Administration.*

**Project Principal /QC Manager, Williams Pipeline, Rockies Expansion Pipeline Construction; Idaho and Wyoming (2003):** Provided overall management of cultural resources and paleontological resources compliance monitoring services for the Rockies Expansion pipeline construction project. *Client: Williams Pipeline.*

**Project Manager, Level III Communications Fiber Optic Line; Salt Lake to Las Vegas, Nevada (2001):** Managed multi-phased contract for this major interstate utility project. Managed cultural resources surveys of project ROW, cultural resources monitoring during construction, major data recovery excavations of significant archaeological sites, and production of multi-volume final technical report production for this large project. Contract value was over \$4.0 million. *Client: Level III.*

**Project Manager, Adesta Communications Fiber Optic Project; Grand Junction, Colorado to Salt Lake City, Utah (2000):** Managed all aspects of cultural resources compliance for the 260-mile project. Assisted with preparation of EA for NEPA compliance. Project development; agency coordination; management of project budget and staff; supervision of field crews; identification and recordation of historic and prehistoric resources; laboratory analysis; report preparation. Contract value was over \$1.0 million. *Client: Adesta Communications.*

**Project Manager, Sierra Pacific Power Company, 3<sup>rd</sup>-Party Environmental Compliance, 630-Mile Silver State East Fiber Optic Project; Salt Lake City, Utah to Reno, Nevada (2000):** Managed multi-phase contract to provide staff support to Bureau of Land Management during preparation of POD and NEPA document, as well as third-party environmental compliance activities during construction of the 590-mile Silver State East Fiber Optic Project

by Sierra Pacific Power Company. Led agency coordination, management of project budget and staff, assisted with resource data extraction from agency archives. Assisted with development of MOU, Project Charter, Programmatic Agreement, and public scoping process. During 14 month construction process, managed team of 25 cultural and biological resources environmental compliance monitors and acted as point of contact for BLM and Sierra Pacific Power Company. Contract value was over \$2.0 million. *Client: Sierra Pacific Power Company and Bureau of Land Management. Client Contact: Steve Siegel; 775-834-4429.*

**Project Principal and Manager, Army National Guard Cultural Resources Support Contracts; Utah (2002-2003):** Managed sole-sourced cultural resources services from Army National Guard for all of its 29 facilities within the State of Utah. Primary goal was to assist National Guard with bringing facilities into compliance with Section 106 of NHPA. Managed archaeological survey, testing, and data recovery projects. Assisted with Native American consultation. Authored an Integrated Cultural Resources Management Plan (ICRMP) to assist the Guard in complying with Department of Defense Instructions 4715.3 and Army Regulation 200-4. *Client: Army National Guard. Client Contact: Army National Guard; Paul Graham, Environmental Coordinator 801.523.4452*

**Program Manager, United States Army Dugway Proving Ground, Cultural and Biological Resources Services (2001-2002):** Program Manager for a 3-year on-call contract to supply cultural and biological resources services to the United States Army's Dugway Proving Ground. Served as primary point of contact for the facility's environmental lead official. Assisted facility staff with cultural resources compliance activities, including cultural resources inventories in harsh and sometimes dangerous conditions within areas known to contain UXO's and other potential hazards. Completed required background checks, safety training, range training, and other required training and preparation to work on the sensitive facility. Led crews on several large inventories within this expansive training facility in Utah's West Desert. Maintained constant communication with Range Control and base staff to avoid conflict with range training activities, while performing the required inventories. *Client: Agiess Environmental (Prime) and Dugway Proving Ground.*

**Project Manager, United States Army Deseret Chemical Depot, Cultural Resources Services (2001):** As Principal Investigator for a large multi-phased cultural resources investigation of the United States Army's Deseret Chemical Depot, led initial survey design and sampling plan to determine the presence, distribution, type, and significance of cultural resources located at this sensitive chemical weapons facility. *Client: CH2MHill (Prime) and Deseret Chemical Depot.*

**Project Principal/QC Manager, Questar Pipeline Company, Mainline 104 Pipeline Project (2001):** Managed cultural resources component of SWCA's contract to Questar Pipeline Company in support of the Mainline 104 natural gas pipeline project, 75 miles of 24-inch-diameter natural gas pipeline from Price to Elberta, Utah, across Carbon, Emery, Sanpete, and Utah Counties, including the Manti-LaSal and Uinta National Forests, BLM, state, and private lands. Conducted cultural resources inventory. Responsible for monitoring compliance with various resources treatment plans and responding to any unanticipated discoveries or

inadvertent non-compliance incidents that affect cultural resources. Coordinated with officials from BLM, State Trust Lands, USDA Forest Service, and SHPO.

**Project Manager, Qwest Fiber Optic Project; Environmental Assessment; Cove Fort, Utah (2000):** Managed preparation of Environmental Assessment for NEPA compliance. Also prepared required technical report for cultural resources. Project development; agency coordination; management of project budget and staff; supervision of field crews; report preparation. *Client: Qwest.*

**Project Manager, Williams Communications, 3<sup>rd</sup>-Party Environmental Compliance, I-80 Fiber Optic Project; Nevada and Utah (2000):** Managed third party construction compliance monitors and representatives of the BLM; ensured that compliance monitors, contractors, and construction crews met the requirements described in the projects construction stipulations, permits, and right-of-way grant. Primary liaison to client, BLM; agency coordination; management of project budget and staff; supervision of field crews; report preparation. *Client: Williams Communications.*

**Project Manager, Williams Pipe Line Project; Thompson to Salt Lake City, Utah (1998-2002):** Managed all aspects of cultural resources compliance for the 260-mile pipeline, including project development, agency coordination, management of project budget and staff, supervision of field crews, identification and recordation of historic and prehistoric resources, laboratory analysis, artifact curation, and report preparation. *Client: Williams Pipeline Company.*

**Project Manager, Kennecott Rawhide Mine, On Call Cultural Resources Services; Fallon, Nevada (1998):** Project development, management of project budget, agency liaison, supervision of field crews and report preparation for over 1200 acres of multiple cultural resources inventories. *Client: Kennecott Rawhide Mining Company.*

**Project Manager, Questar Gas Pipeline Company Dog Valley Pipeline Project; Panguitch, Utah (1998):** Survey and recordation of 37 historic and prehistoric sites; supervision of field crews; laboratory analysis; artifact curation; report preparation. *Client: Questar Gas Pipeline Company.*

### **Additional Cultural Resources Experience**

---

**Field Director, Excavation of 42SI 230; Salt Lake City, Utah (1998):** Directed large excavation at the Salt Lake International Airport. Participated in laboratory analysis of ceramic, lithic, and bone artifacts. *Employer: Baseline Data. Client: Salt Lake City International Airport Authority.*

**Field Director, Legacy West Davis Highway Excavation Project; Salt Lake City, Utah (1997):** Directed field excavation of 42Dv 2 Archaic to Late Prehistoric site. Twelve-week test pitting phase included over 60 2 x 2 meter test pits. Consulted and participated with local Native American Tribal representatives. Laboratory analysis of ceramic, lithic, and bone artifacts. Contributed to final report. *Employer: Baseline Data. Client: HDR Engineering (Prime) and Utah Department of Transportation.*

**Field Director, Legacy West Davis Highway Survey and Testing project; Salt Lake City, Utah (1997):** Directed Class III inventory of historic and prehistoric resources and implemented innovative sub-surface auger testing. Contributed to final report. *Employer: Baseline Data. Client: HDR Engineering (Prime) and Utah Department of Transportation.*

**Crew Chief, River Gas Survey and Subsurface Testing Project; Price, Utah (1996–1997):** Supervised Class III inventory and historic and prehistoric site recording. Performed laboratory analysis of ceramic, lithic, and bone artifacts. Contributed to final report. *Employer: Baseline Data. Client: River Gas Company.*

**Crew Chief, Salt Lake City International Airport Test Excavation; Salt Lake City, Utah (1996–1997):** Ten-week excavation of site 42SI 230, an Archaic, Fremont, and Late Prehistoric site. Supervised excavation of over 40 test pits. Performed laboratory analysis of ceramic, lithic, and bone artifacts. Contributed to final report. *Employer: Baseline Data. Client: Salt Lake City International Airport Authority.*

**Crew Chief, Central Telephone Fiber Optic Project; Salt Lake City, Utah (1996):** Directed Class III survey, and authored final report. *Employer: Baseline Data. Client: Central Telephone.*

**Surveyor, Regional Class III Surveys; Regional, Utah (1996–1998):** Pedestrian surveys for various projects in the Wasatch Mountains and valleys and the Colorado Plateau. *Employer: Baseline Data. Client: Various.*

### **Other Related Experience**

---

**Student, Nakbé Archaeological Project (RAINPEG); Petén, Guatemala (1996):** Discovered and mapped previously undocumented sites and sampled material culture around the Maya site of Nakbé in the El Mirador Basin located in Northern Petén of Guatemala under Dr. Richard Hansen of UCLA, Director. Co-authored final publication.

**Student, Fish Lake Archaeological Project/BYU Field School; Fish Lake, Utah (1995):** Participated in an eight-week excavation of Archaic, Fremont, and Prehistoric sites in central Utah. Participated with local Native American Paiute Tribal consultants.

**Volunteer Campus Representative, International Center, University of Utah; Salt Lake City, Utah (1993-1994):** Promoted intercultural experiences through participation in study abroad programs and cultural awareness activities for student body. Acted as representative during campus-wide information sessions and International Center sponsored activities.

**President/Founder, Graduate Student Organization (GSO), Department of Anthropology, Brigham Young University; Provo, Utah (1995–1996):** Formed a student group concerned with promoting interest in anthropology, academic success, and professional opportunity. Participated in bringing distinguished speakers and other local and national scholars and professionals to the University. Provided a communication link between faculty and graduate students in the Department of Anthropology.

### Third-Party Environmental Compliance/Mitigation Monitoring Experience Supporting Major Construction Projects

- Project Manager, Cosumnes Power Plant and Gas Pipeline Project, Sacramento Municipal Utility District
- Project Manager, Level III Fiber Optic Project, Level III
- Project Principal/QC Manager, Talega Housing Development, Talega Associates
- Project Manager, Silver State East Fiber Optic Project, Sierra Pacific Power Company
- Project Manager, I-80 Fiber Optic Project, Williams Communications
- Project Manager, Questar Mainline 104 pipeline loop, Questar Pipeline Company

**HISTORICAL CONSULTING EXPERIENCE**

Historic Resources Evaluation Report for the State Route 180 Expressway Route Adoption Project, Fresno County, California. Prepared with Parsons for Caltrans District 6, Fresno. 2005-2006.

Site research and land use history, Galleron Road intersection, SR 29 Channelization Project. Prepared with Far Western Anthropological Research Group for Caltrans District 4. 2006.

Historical Resources Inventory of the University House (Chancellor's Residence), University of California, La Jolla, San Diego County, California. Prepared for Facilities Design & Construction, UCSD. 2005.

Historic Architectural Survey / Finding of Effect / Memorandum of Agreement and Treatment Plans for the Doyle Drive Replacement Project, San Francisco, California. Prepared for Parsons Brinckerhoff. 1999–In Progress.

Weir House at Lake Lagunitas, Alum House at Alpine Lake, and Chlorinator House at Alpine Lake, Marin Municipal Water District Marin County, Marin County, California. Prepared for Marin Municipal Water District. 2005–In Progress.

Inventory and Evaluation of UCD Temporary Building No. 18. Prepared for UC Davis Office of Management and Planning. 2005.

Peer review, Wolfskill Grant National Register Nomination. Prepared for UC Davis Office of Management and Planning. 2005.

Inventory and Evaluation of University of California Davis' Vegetable Crops Bulb Storage House; CAAN 3472. Prepared for UC Davis Office of Management and Planning. 2005.

Historic Resource Evaluation Report: Halcyon Road Climbing Lane Project, Arroyo Grande, San Luis Obispo County, California. Prepared with Far Western Anthropological Research Group for Morro Group, Inc. 2004–In Progress.

Historical Resource Inventory and Evaluation of the Residence at 1860 Live Oak Boulevard, Yuba City, Sutter County, California. Prepared for Yuba City. 2004–2005.

Historic Evaluation of the Oakdale Road Bridge (38C0121) over Modesto Irrigation District (MID) Main Canal, Riverbank, California. Prepared for City of Riverbank. 2004–2005.

Historic Research and Archival Documentation of Buzzard Roost, Shasta County. Prepared with Far Western Anthropological Research Group for Shasta County. 2004.

Burlingame Station and Atherton Station Finding of Effect. Prepared for Peninsula Corridor Joint Powers Authority. 2004.

Finding of No Adverse Effect: Proposed Sacrificial Beams Project for Four Caltrain Bridges. Prepared for Peninsula Corridor Joint Powers Board. 2004.

Historic Evaluation of Redwood Creek Bridge. Prepared with Far Western Anthropological Research Group for Peninsula Corridor Joint Powers Authority. 2004.

Historic American Engineering Record, NASA Saturn S-II Complex, Seal Beach Naval Weapons Station. Prepared for SWDIV. 2002–2004.

Historic Resources Evaluation Report for the State Route 1 Widening Project, Santa Cruz, California. Prepared with Parsons Transportation for Nolte Engineering and Santa Cruz Transportation Commission. 2003–2005.

Finding of Effect and Memorandum of Agreement, Transbay Terminal/Caltrain Downtown Extension/Redevelopment Project. Prepared for Parsons Transportation Group. 2003–2004.

Historic American Engineering Record/Historic American Buildings Survey, Sacramento River Water Treatment Plant Intake Pier, Sacramento, California. Prepared for City of Sacramento. 2003–2004.

Historic Resources Evaluation Report of Operations and Maintenance Complex, University of California Davis. Prepared for University of California Davis. 2003–2004.

Historic Resources Report for Selected Former University Farm Buildings, University of California Davis. Prepared for University of California Davis. 2003–2004.

National Register of Historic Places, Determination of Eligibility of the Truckee Work Center Complex, Truckee Ranger District, Tahoe National Forest. Prepared for Tahoe National Forest, Truckee District. 2003.

Historic Architectural Evaluation, Commercial Building at 920 Main Street, Chico, California. Prepared for Mark Abouzeid. 2003.

Finding of Effect Addendum, Caltrain Electrification Project, San Francisco, San Mateo, and Santa Clara Counties, California. Prepared for Parsons Transportation Group and Peninsula Corridor Joint Powers Authority. 2003.

Historic Resources Evaluation Report, Viticulture and Enology Building, University of California Davis. Prepared for University of California Davis. 2003.

Historic Resources Inventory and Preliminary Findings for Proposed Kansas-Woodland Business Park, Modesto, California. Prepared for EIP Associates. 2003.

Evaluation of Historic Significance for Americold Warehouse and Appurtenant Railroad Facilities, Burbank, California. Prepared for URS Corporation. 2003.

Historic Architectural Survey Report for Conversion of a 2-Lane Highway to a 4-Lane Expressway on State Route 119 Between Cherry Avenue and Tupman Road, Kern County. Prepared with Far Western Anthropological Research Group for Caltrans. 2002.

Historic Architectural Evaluation of Camp Swig. Prepared for UAHC Camp Swig for Submittal to Office of Planning, Santa Clara County. 2002.

Inventory and Evaluation of Historic Resources, 431 Paula Lane, Petaluma, California. Prepared for Mission Valley Properties. 2002.

Historic American Buildings Survey, Hog Barn, University of California Davis. Prepared for University of California Davis. 2002.

Historic Resources Evaluation Report, Hunt Hall, University of California Davis. Prepared for University of California Davis. 2002.

Historic Resources Evaluation Report: Reconstruction and Widening of Eastside Potter Valley Road. Prepared for Archeological Services, Inc. 2002.

Inventory and Evaluation of Historic Resources, Caltrain Electrification Project, San Francisco to Gilroy (MP 0.0 to 77.4). Prepared for Parsons Transportation Group. 2000–2002.

Historic Architectural Survey Report, Russell Espinosa Parkway Project, Monterey County, California. Prepared for Caltrans. 2000–2002.

Historic Resources Evaluation Report, Silicon Valley Rapid Transit Corridor EIS/EIR Alternatives. Prepared for Earthtech. 2001–2003.

Historic Resources Inventory and Evaluation Report for the South Sacramento Phase 2 Corridor Project. Prepared for Parsons Transportation Group. 2001–2003.

Tier 1 Survey of Historic Resources for the Bay Area to Merced Segment of the California High-Speed Train Program EIR/EIS Project. Prepared for Parsons Transportation Group. 2001–2002.

Historic Architectural Survey Report and Finding of Effects for Relocation and Replacement of Wilbur Springs Road Bridge (15C008). Prepared for Pacific Legacy, Inc. 2001–2002.

Historic Architectural Survey Report and Finding of Effect, Caltrain Extension to Transbay Terminal Joint Development Project. Prepared for Peninsula Corridor Joint Powers Board. 2001–2002.

Historic American Buildings Survey Documentation and Preparation of Interpretive Material for Former Solano County Hospital Complex Demolition Project. Prepared for County of Solano. 2001–2002.

DPR 523 Forms Recording Buildings Near the Proposed Water Mains for the El Segundo Power Redevelopment Project, El Segundo, California. Prepared for URS Corporation. 2001.

DPR 523 Form for Magnolia-Olive Power Plant Complex, Burbank, California. Prepared for URS Corporation. 2001.

Inventory and Evaluation of National Register Eligibility of Cold War Era Buildings and Structures, NAVWPNSTASB, DET Fallbrook. Prepared with Foster Wheeler Environmental Corporation for SWDIV. 2001.

Technical Study of the Impacts on Historical Resources Associated with the Merced County Courthouse Facility Project, Merced, California. Prepared for URS Corporation. 2001.

Historic American Buildings Survey, Harry Carey Ranch (John Clougherty Ranch), Saugus, Los Angeles County, California. Prepared for Montalvo Properties & Evans-Collins Community Builders. 2000–2001.

Inventory and Evaluation of National Register Eligibility of Cold War Era Buildings and Structures, Naval Air Facility, El Centro. Prepared with Foster Wheeler Environmental Corporation for SWDIV NAVFACENGCOM. 2000.

Historic Architectural Survey Report, Improvements Route 101 Near Prunedale, Monterey County, California. Prepared for Caltrans, District 5. 1999–2001.

Historic Architectural Survey Report for Grade Separations within the Alameda Corridor-East Project, Los Angeles County, California. Prepared for DeLeuw Cather Inc. 1999–2001.

National Register of Historic Places Nomination, NASA Saturn S-11 Complex, Seal Beach Naval Weapons Station, Seal Beach, Orange County, California. Prepared for SWDIV. 1999–2001.

Historic Architectural Survey Report, State Route 92 Operational Improvements Project, San Mateo County, California. Prepared for De Leuw, Cather & Company and San Mateo County Transit Authority. 1999–2000.

Historic Architectural Survey Report. Interchange Improvements at Highway 101/41 Junction in Atascadero, California. Prepared for Caltrans. 1999.

Inventory and Evaluation of National Register Eligibility of Cold War Era Buildings and Structures, Fleet Industrial Supply Center, Point Loma Annex, San Diego. Prepared with Foster Wheeler Environmental Corporation for SWDIV. 1999.

Inventory and Evaluation of National Register Eligibility of Cold War Era Buildings and Structures at Oakland Army Base. Prepared for Army Corps of Engineers, Sacramento District. 1999.

Historical research into the passage of the Federal Power Act. City and County of San Francisco Public Utilities Commission and Water Department. Prepared for City and County of San Francisco. 1998–In Progress.

Inventory and Evaluation of Saeltzer Dam, Clear Creek, Shasta County, California. Prepared for Pacific Legacy, Inc. 1998–1999.

Statewide Department of Defense Inventory of Cultural Resources Projects and Thematic Context Statement. Prepared with Foster-Wheeler Environmental. 1997–2000.

Inventory and Evaluation Projects for US Marine Corps in California (Camp Pendleton, MGACC Twentynine Palms, Marine Corps Recruit Depot). Prepared with Foster Wheeler Environmental Corporation for Marine Corp. 1997–2000.

Inventory and Evaluation of National Register Eligibility of Buildings and Structures, Southwest Division, Naval Facilities Engineering Command, 1220 Pacific Highway, San Diego, California. Prepared with Foster Wheeler Environmental Corporation for SWDIV. 1997–1999.

Inventory and Evaluation of National Register Eligibility of Cold War Era Buildings and Structures, NWS Seal Beach. Prepared with Foster Wheeler Environmental Corporation for SWDIV. 1997–1998.

Inventory and Evaluation of National Register Eligibility of Cold War Ear and Selected Other Buildings and Structures, NWS Concord. Prepared with Foster Wheeler Environmental Corporation for Navy. 1997–1998.

Inventory and Evaluation of Nine Buildings in the Plant Science Replacement Facility Project, University of California Davis. Prepared for Pacific Legacy and Architects & Engineers Office, University of California Davis. 1997.

Historic Resource Inventory and Evaluation of the Thomson-Reinhackle House, Bishop, California. Prepared for Los Angeles Department of Water and Power. 1997.

Inventory and Evaluation, Peyton Marsh Drainage System, Contra Costa County, California. Prepared for Contra Costa Mosquito and Vector Control District. 1997.

Water Conveyance Systems in California: Historic Context Development and Evaluation Procedures. Prepared for California Department of Transportation, Environmental Program/Cultural Studies Office. 1995–2000.

Historic Context for Evaluating Cultural Resources within the Glass Mountain Transmission Line Corridor, Siskiyou and Modoc counties. Prepared for BioSystems Analysis, Inc. 1995.
